Proposed Project: Public Health Service Policies on Research Misconduct (42 CFR Part 93)-

OMB No 0937-0198-Extension- Office of Research Integrity

Abstract: This is a request for an extension of the currently approved collection. The purpose of the Annual Report on Possible Research Misconduct (Annual Report) form is to provide data on the amount of research misconduct activity occurring in institutions conducting PHS supported research. In addition this provides an annual assurance that the institution has established and will follow administrative policies and procedures for responding to allegations of research misconduct that comply with the Public Health Service (PHS) Policies on Research Misconduct (42 CFR Part 93). Research misconduct is defined as receipt of an allegation of research misconduct and/or the conduct of an inquiry and/or investigation into such allegations. These data enable the ORI to monitor institutional compliance with the PHS regulation. Lastly, the form will be used to respond to congressional requests for information to prevent misuse of Federal funds and to protect the public interest.
